Boating Tip #22: Watch Schedules

Directions:

The person coming off of watch gathers info, logs and charts before going off duty. Log all sightings of ships crossing or passing. Track the ship on RADAR. Wake up the captain if something goes wrong or if you spot a ship or an object you are unable to identify. Please be on time for your watch and on deck at the time indicated. Get up in enough time to get dressed and ready. Wear your PFD and harness at all times while on deck during night hours, and clip your tether onto a jack line.
